

**PLANT ENGINEERING TRADE SHOW
APRIL 14, 2011
TECHNICAL PRESENTATIONS**

Hours	Room A	Room B	Room C
11:00 AM - 12:15 PM	<p align="center">Advanced Plugging System for Heat Exchanger Tubing USA Industries Tracy Sue</p>	<p align="center">Engineering Ethics Texas Board of Professional Engineers C. W. Clark, P.E.</p>	<p align="center">Proper Grouting Techniques Promote Project Success Adhesive Services Company Ward Lipscomb, E.I.T.</p>
12:15 PM - 1:30 PM	<p align="center">AC Electric Motor Anomalies Detection GE Energy, Measurement & Control Solutions Michael Thevanh</p>	<p align="center">High Pressure Screw Gas Compressors KOBELCO EDTI COMPRESSORS, Inc. Takao Koga</p>	<p align="center">Load Indicating Fasteners Lamons Gasket Company Joel Baulch</p>
1:30 PM - 2:45 PM	<p align="center">Wireless Condition Monitoring for Mid-to-Low Criticality Assets GE Energy, Measurement & Control Solutions Michael Thevanh</p>	<p align="center">Finite Element Analysis for Expanding Service Envelopes in Complex-Geometry Stress Engineering Services, Inc. Scott Bouse</p>	<p align="center">Ground Conditions and Crane Placement: Loading Subsurface Hazards Radarview LLC Todd Allen</p>
2:45 PM - 4:00 PM	<p align="center">Design, Engineering & Materials for Rotating & Reciprocating Equipment Robert L. Rowan and Associates Paul Raiford and Bob Rowan</p>	<p align="center">ASME B31.1 Power Piping Inspection & Repair Aspects Stress Engineering Services, Inc. Joe Frey, P.E., Chair B31.1</p>	<p align="center">Asset Integrity Management-Maximizing Asset Life in Today's Environment Velosi America LLC Stephen Cooper, P.E.</p>
4:00 PM - 5:15 PM	<p align="center">Corrosion Modeling and Inspection Reporting Pinnacle AIS Nathanael Ince and William Minter</p>	<p align="center">Vibration Reduction Techniques Stress Engineering Services Paul Dowdican, P.E. Sathish Ramamoorthy, Ph.D. P.E.</p>	<p align="center">Air Cooled Exchangers GEA Rainey Doug Ballard</p>
